

CONTRACT Ref:25/2019

Research Project Title: INADVANCE. Patient-centred pathways of early palliative care, supportive ecosystems and appraisal standard.

IIS La Fe has decided to publish a call for a job offer, by a competitive procedure, for a **1 University Degree Health Sciences**, to perform the tasks in the framework of the Project 2018/0223

INADVANCE: Patient-centred pathways of early palliative care, supportive ecosystems and appraisal standard.

The project Patient-centred pathways of early palliative care, supportive ecosystems and appraisal standard (INADVANCE) proposes a novel model of PC based on early integration and personalized pathways addressed specifically to older people with complex chronic conditions. Thus, the overall aim of INADVANCE is to improve the benefit of PC through the design of effective, replicable and cost-effective early PC interventions centred-on and oriented-by the patients. Interventions are defined for/orientated on patients, families, informal caregivers, and front-line care professionals.

Research Project ID: 2018/0223

Service/Unit/Accredited Group: : UNIDAD HOSPITALIZACION DOMICILIARIA

Candidate requeriments: *(All requeriments are necessary to apply):*

- University Degree Health Sciences
