

**CONTRACT Ref:111/2020**

Requirements to participate in the call:

- Have Spanish nationality or work permit, or some other nationality that allows access to public sector employment. If you do not have it and this person is selected, the contract will not be formalized until the corresponding documentation is in order. In the event that this procedure is not finally completed within two months of the grant the selected person cannot be hired; leaving, in this case, the square deserted or referred to the next person in the event that priority order has been given in the Resolution.
- Be 16 years old and not exceed, where applicable, the maximum age of forced retirement or the other age that you may establish by law.
- The applicant will be bound by TEMPORARY WORK AGREEMENT with the Foundation for Health Research of the University Hospital and La Fe Polytechnic for the period determined for the research project. This procurement is subject to the granting of the relevant administrative authorisation.
- The Foundation and/or the Tribunal, for reasons of interest to the entity, may at any time withdraw the resolution or cancellation of this Call, without any justification.

**Research Project Title:** INADVANCE. Patient-centred pathways of early palliative care, supportive ecosystems and appraisal standard.

The project Patient-centred pathways of early palliative care, supportive ecosystems and appraisal standard (INADVANCE) proposes a novel model of PC based on early integration and personalized pathways addressed specifically to older people with complex chronic conditions. Thus, the overall aim of INADVANCE is to improve the benefit of PC through the design of effective, replicable and cost-effective early PC interventions centred-on and oriented-by the patients. Interventions are defined for/orientated on patients, families, informal caregivers, and front-line care professionals.

IIS La Fe has decided to publish a call for a job offer, by a competitive procedure, for a Health Sciences / Experimental Sciences, to perform the tasks in the framework of the Project.

**Service/Unit/Accredited Group:** UNIDAD MIXTA ACREDITADA DE TIC APLICADA A REINGENIERÍA DE PROCESOS SOCIOSANITARIOS (eRPSS).

**Candidate requirements:** *(All requirements are necessary to apply):*  
Health Sciences / Experimental Sciences

**Merits to value:** *(0-5 points)*
