

CONTRACT Ref:4/2021

Requirements to participate in the call:

- Have Spanish nationality or work permit, or some other nationality that allows access to public sector employment. If you do not have it and this person is selected, the contract will not be formalized until the corresponding documentation is in order. In the event that this procedure is not finally completed within two months of the grant the selected person cannot be hired; leaving, in this case, the square deserted or referred to the next person in the event that priority order has been given in the Resolution.
- Be 16 years old and not exceed, where applicable, the maximum age of forced retirement or the other age that you may establish by law.
- The applicant will be bound by TEMPORARY WORK AGREEMENT with the Foundation for Health Research of the University Hospital and La Fe Polytechnic for the period determined for the research project. This procurement is subject to the granting of the relevant administrative authorisation.
- The Foundation and/or the Tribunal, for reasons of interest to the entity, may at any time withdraw the resolution or cancellation of this Call, without any justification.

Research Project Title: HARMONY PLUS: HEALTHCARE ALLIANCE FOR RESOURCEFUL MEDICINES OFFENSIVE AGAINST NEOPLASMS IN HEMATOLOGY – PLUS.

Haematological malignancies (HM), also known as blood cancers, are a heterogeneous and complex group of multicausal diseases that can't be easily diagnosed nor treated. Nowadays most treatments are extremely complex, and advances in patient diagnosis and therapies slow due to the low number of patients per centre. Thus, there is a need to harmonise, store, and analyse the current HM information to speed-up and support the decision-making process for patients' access to new therapies.

HARMONY is a European Network of Excellence that captures, integrates, analyzes and harmonizes Big Data from high quality multidisciplinary sources for the purpose of acquiring valuable knowledge across the spectrum of hematologic malignancies (HMs). The HM-specific Big Data platform developed by HARMONY will enable the rapid definition of promising treatment strategies, and prediction of adverse events likely to be associated with such strategies.

HARMONY PLUS takes advantage of the capabilities of the HARMONY Big Data platform to incorporate myeloproliferative neoplasms, including chronic myeloid leukemia, polycythaemia vera, essential thrombocythaemia, and myelofibrosis; and lymphoproliferative disorders, including Hodgkin's lymphoma, Waldenström macroglobulinemia and all the other rare HMs not covered by HARMONY Project.

Service/Unit/Accredited Group: HEMATOLOGY AND HEMOTHERAPY

Candidate requirements: *(All requirements are necessary to apply):*

University Degree - Health Sciences/Experimental Sciences/Engineering and Architecture + Fluent English (minimum C1 Advanced)

Merits to value: *(0-5 points)*

- Experience as a Project Manager (minimum 5 years) including project finances in European research projects (1 point);
- Experience in writing project reports and proposals (1 point);
- Demonstrable experience in the management of IMI BD4BO projects in the area of health research (2 points);
- Knowledge of Data Quality and Data Management (0,5 point);
- Specific training in IPR and Technology Transfer (0.5 points).

Curriculum vitae and Academic Track-Record *(0-2 points)*

- Detailed CV (1.5 points)
- Supporting documents (0.5 points)

Other Merits: *(Complementary Training) (0-1 point)*

- Specific training in European and International funding programmes (0.5 points);
- Project finance management experience (0.5 points).

Interview (0-2 points)

Training/Roles to develop:

Roles to develop:

- Prepare and draft EC technical and financial progress reports in conformity with Commission's guidelines.
- Support and supervision of the scientific and technical deliverables of the whole consortium of the European project.
- Organizing the agenda and documenting the minutes of the Project Steering Committee meetings.
- Ensuring all partners adhere to the obligations of the Grant Agreement and Consortium Agreement.
- Establish a roadmap to administrate the institution project funds.
- Coordinate and supervise the periodic and final reports to the EC.
- Supervision of the institution financial reports of the European project.
- Contribute and promote the European project publicity and results dissemination.
- Support in all the activities related to the data management and data analysis, monitoring of indicators and risk assessment.

Contract/Fellowship characteristics:

- Full time.
- Amount: 45.000 €/Gross year
- Lenght: 12 months renewable according to economic availability or duration of the Project.
- Exclusive devotion.

Deadline for application submission: 23/01/2021

Required documents On-Line www.iislafe.es

- Updated Curriculum Vitae.
- Track-Record with academic grade media.
- Copy of required educational qualifications.
- Supporting documents of the outlined merits.

** The documentation submitted for this open competition will be on deposit of IIS La Fe.*
